## Palliative Care Education

LEAP Under/Post-Graduate provides medical, nursing, and other health school educators with access to all LEAP course content, tools, and resources to use in their undergraduate or post-graduate courses.

LEAP Under/Post-Graduate was designed to be responsive to different curricula being taught in medical, nursing, and other health schools across Canada. Educators have access to all LEAP modules and can select based on their students' learning needs.

### Who is it for?

LEAP Under/Post-Graduate is ideal for educators who want to build the skill and competency of their students to provide a palliative care approach.

### Educators will have access to:

- All LEAP modules and content
- Educational videos, online modules, and case studies
- Pallium Canada to help connect you with LEAP facilitators who can lead the modules or coach your educators on how to teach the module content

### Sample Modules

- ◆ Being Aware
- ◆ Taking Ownership
- ◆ Decision-Making
- ◆ Gastrointestinal, Nutrition, and Hydration
