

Palliative Care Education

LEAP Lung is an interprofessional course that focuses on the essential competencies to provide a palliative care approach, with case studies and webinars contextualized to the respirology care setting.

WHO IS IT FOR?

LEAP Lung is specifically for respirologists and their teams (e.g., nurses, nurse practitioners, social workers, pharmacists, etc.) who care for patients with advanced lung diseases (e.g., COPD, interstitial lung disease, idiopathic pulmonary fibrosis, non-small cell lung cancer, cystic fibrosis, etc.).

KEY LEAP FEATURES

- ✓ Created and reviewed by Canadian experts
- ✓ Evidence-based
- ✓ Regularly updated and approved
- ✓ Practical, case-based
- ✓ Accredited

COURSE FEATURES

- 17 interactive, self-learning online modules completed at your own pace (approximately 8 hours of work).
- 6 hours of online webinars led by LEAP facilitators where learners will work through cases and discuss learnings from online modules.
- This two-credit-per-hour Group Learning program has been certified by the College of Family Physicians of Canada for up to **28 Mainpro+® credits**.
- This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the University of Ottawa's Office of Continuing Professional Development. You may claim a maximum of **14.0 hours** (credits are automatically calculated).

FACILITATORS

LEAP courses are taught by a dedicated group of palliative care clinicians and educators from across Canada. From major cities to rural towns, Pallium's certified facilitators bring their experience, knowledge, and passion to deliver LEAP training and advocate for better palliative care in their communities.
