

Palliative Care Education

LEAP Heart is an interprofessional, online course that focuses on the essential competencies to provide a palliative care approach, with course modules and case studies contextualized to cardiology teams working in outpatient clinics, hospitals, and coronary care units.

WHO IS IT FOR?

LEAP Heart is ideal for any health care professional (e.g. physicians, nurses, pharmacists, social workers) who care for patients with advanced heart diseases.

KEY LEAP FEATURES

- ✓ Created and reviewed by Canadian experts
- ✓ Evidence-based
- ✓ Regularly updated and improved
- ✓ Practical, case-based

COURSE FEATURES

- This two-credit-per-hour Group Learning program has been certified by the College of Family Physicians of Canada for up to **29 Mainpro+®** credits.
- This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the University of Ottawa's Office of Continuing Professional Development. You may claim a maximum of **14.5 hours** (credits are automatically calculated).
- Interactive, self-learning online modules completed at your own pace.
- Online webinars led by LEAP facilitators where learners will work through cases and discuss learnings from online modules.

FACILITATORS

LEAP courses are taught by a dedicated group of palliative care clinicians and educators from across Canada. From major cities to rural towns, Pallium's certified facilitators bring their experience, knowledge, and passion to deliver LEAP training and advocate for better palliative care in their communities.
