

Palliative Care Education

LEAP™ Home Care is an interprofessional, facilitated learning program that focuses on the essential competencies to provide a palliative care approach, with case studies and group discussions contextualized to a home care setting.

WHO IS IT FOR?

LEAP™ Home Care is ideal for any health care professional (e.g., nurses, pharmacists, social workers, home care nurses) as well as personal support workers or care aides working in a home care context.

KEY LEAP™ FEATURES

- ✓ Created and reviewed by Canadian experts
- ✓ Evidence-based
- ✓ Regularly updated and improved
- ✓ Practical, case-based

COURSE FEATURES

- LEAP Home Care is available in two learning streams.
 - **Home Care Professional stream:** 17 interactive, self-learning online modules completed at your own pace (approximately 8 hours of work).
 - **Personal Support Worker stream:** 16 interactive, self-learning online modules personalized for PSWs, completed at your own pace (approximately 8 hours of work).
- Learners from both streams join together for 6 hours of online webinars led by LEAP™ facilitators where learners will work through cases and discuss learnings from online modules.
- Learners receive a LEAP™ certificate of completion and an electronic copy of the Pallium Palliative Pocketbook.
