

Palliative Care Education

LEAP Home Care is an interprofessional, facilitated online learning program that focuses on the essential competencies to provide a palliative care approach, with case studies and webinars contextualized to a home care setting.

WHO IS IT FOR?

LEAP Home Care is ideal for any health care professional (e.g. physicians, nurses, pharmacists, social workers, home care nurses, etc.) as well as personal support workers or care aides working in a home care context.

COURSE FEATURES

- 16 interactive, self-learning online modules completed at your own pace (approximately 8 hours of work).
- 6 hours of online webinars led by LEAP facilitators where learners will work through cases and discuss learnings from online modules.
- Learners receive a LEAP certificate of completion.

KEY LEAP FEATURES

- ✓ Created and reviewed by Canadian experts
- ✓ Evidence-based
- ✓ Regularly updated and improved
- ✓ Practical, case-based

FACILITATORS

LEAP courses are taught by a dedicated group of palliative care clinicians and educators from across Canada. From major cities to rural towns, Pallium's certified facilitators bring their experience, knowledge, and passion to deliver LEAP training and advocate for better palliative care in their communities.

COURSE MODULES

- Taking Ownership
- Being Aware
- Advance Care Planning
- Goals of Care and Decision-Making
- Pain Management
- Essential Conversations
- Dyspnea
- Psychosocial and Spiritual Distress
- Request to Hasten Death
- Last Days and Hours

ABOUT PALLIUM CANADA

Pallium is a national, non-profit organization focused on building professional and community capacity to help improve the quality and accessibility of palliative care in Canada.
