

# Foundational Caregiver-Centered Care Education

We are inviting you to participate in the  
Caregiver-Centered Care Education.

Free online at [caregivercare.ca](http://caregivercare.ca)

## LEVEL 1: FOUNDATIONAL

- Family caregiver anxiety and loneliness are rising. They need to be recognized, valued, and supported.
- *The health workforce can be the first line of reliable support for family caregivers.*

## Free & High-Quality Learning

- Competency-based

*"This is a well thought out program which engages the learner no matter whether novice or how well versed you may be as a professional. It's nice to have some modern education which reflects current issues and ways to help clinicians work through daily challenges."*

## Continuing Competence Certificate

**UNIVERSITY  
OF ALBERTA**

## KEY FACTS

**Duration:** 45 - 60 minutes

**Modules:** 6

**Prerequisites:** None

**For all health providers**
