

Palliative Care Education

LEAP™ Paediatric is a new interprofessional, blended learning course that will provide health care professionals with the skills and competencies of the palliative care approach contextualized to the paediatric care setting.

WHO IS IT FOR?

LEAP™ Paediatric is ideal for any health care professional (e.g., physician, nurse, pharmacist or social worker) who provides paediatrics care. It may also be of interest to palliative care professionals seeking more information on working with the paediatric population.

COURSE FEATURES

- 8 interactive, self-learning online modules completed at your own pace.
- 8 hour facilitated workshop led by LEAP™ facilitators. Learners will work through 8 additional modules.
- LEAP™ Paediatric will be submitted for accreditation.
- Learners receive a LEAP™ certificate of completion and an electronic copy of the best-selling resource, the Pallium Palliative Pocketbook.

KEY LEAP™ FEATURES

- ✓ Created and reviewed by experts
- ✓ Evidence-based
- ✓ Regularly updated and approved
- ✓ Practical, case-based
- ✓ Interprofessional

FACILITATORS

LEAP™ courses are taught by a dedicated group of palliative care clinicians and educators from across Canada. From major cities to rural towns, Pallium's certified facilitators bring their experience, knowledge, and passion to deliver LEAP™ training and advocate for better palliative care in their communities.

TOPICS COVERED INCLUDE

- Being aware
- Bleeding symptoms
- Discussing goals of care
- End-of-life care
- Fluids and feelings
- Gastrointestinal symptom management
- Neurological symptoms
- Pain assessment, management and treatment
- Resources and locations of care
- Respiratory symptom management
- Supporting children with illness, grief and loss
- Supporting caregivers with illness, grief and loss
- Taking ownership

ABOUT PALLIUM CANADA
