

Palliative Care Education

LEAP Paediatric is an interprofessional, blended learning course that provides health care professionals with the skills and competencies of the palliative care approach contextualized to the paediatric care setting.

WHO IS IT FOR?

LEAP Paediatric is ideal for any health care professional (e.g., physician, nurse, pharmacist, social worker, etc.) who provides paediatrics care. It may also be of interest to palliative care professionals seeking more information on working with the paediatric population.

KEY LEAP FEATURES

- ✓ Created and reviewed by experts
- ✓ Evidence-based
- ✓ Regularly updated and approved
- ✓ Practical, case-based
- ✓ Interprofessional

COURSE FEATURES

- 8 interactive, self-learning online modules combined with a facilitated workshop that covers 8 additional modules (delivered in-person or via online webinar).
- LEAP Paediatric will be submitted for accreditation to the College of Family Physicians of Canada and the Royal College of Physicians and Surgeons of Canada.
- Learners receive a LEAP certificate of completion and an electronic copy of the best-selling resource, the Pallium Palliative Pocketbook.

FACILITATORS

LEAP courses are taught by a dedicated group of palliative care clinicians and educators from across Canada. From major cities to rural towns, Pallium's certified facilitators bring their experience, knowledge, and passion to deliver LEAP training and advocate for better palliative care in their communities.
